There was some question in regards to a possible ramp for the town hall. Laura Brady did discuss that there was a grant that was

Applied for through the county to do the ramp. She could not remember all the details. But did believe that the ramp would have to run on the side of the building and the entrance for that would need to be at the back of the building. She also believed that there would need to be space for a handicap parking spot. The ramp of course was not built -- but could not remember all the circumstances behind it.

No further business and meeting adjourned at 7:30 p.m.
